

---

Hello Parents,

School has been in full swing in the Infant Room as we learned about all kinds of different animals this past September! Now that the fall season is officially here and October has arrived we will be covering a brand new theme: Fall Fun! Throughout the month we will be learning about acorns, pumpkins, changing leaves, scarecrows, and learn through all kinds of other Autumn-themed crafts! In the final week of October we will create different kinds of Halloween crafts and, to end the week, we will celebrate Halloween with a party. So please send your child's costume in if you wish. Finally, even though it is getting chillier we will continue to go outside and go for walks together while we still can, so please bring appropriate clothing for your child to go outside.

Thank you,

Miss Amanda, Miss Megan, and Ms. Danielle
